### Wednesday, March 8

Pizza, salad, green beans, peaches, milk

### Thursday, March 9

Popcorn chicken, roll, corn, broccoli salad, apple slices, peach cobbler, milk

### Friday, March 10

Potato bowl, roll, tomato cup, snowball salad, milk

### ...OH Ivie Lunkers

(Continued from previous page)

"After following the ShareLunker program on social media the last couple of years and then planning to take a trip here, getting a chance to experience this personally is pretty awesome."

Analysis by TPWD staff showed that ShareLunker 601/644 is a pure Florida largemouth bass. In 2021, she was spawned at the Texas Freshwater Fisheries Center (TFFC), producing 44,165 eggs and 17,545 fry. The fish was returned to O.H. Ivie on April 29, 2021, and is back at TFFC for the second time thanks to Sprengeler.

Vaughan arrived at O.H. Ivie Friday morning. After traveling across the lake, the engine blew out on his boat. Vaughan didn't

**Golf!** The Robert Lee Lady Steers golf team traveled to Brady on Monday, February 27, and brought home a first place finish. The team also included the top three medalists from the tournament.

let the setback stop him and continued to fish using his trolling motor. His persistence paid off on Sunday.

"This morning, my son went fishing with me and we put in at the Concho, where we began trolling around," said Vaughan. "We saw a fish so I casted on it and it didn't act interested. When I was reeling in my line, another one came up from the bottom and she hit the bait maybe five feet in front of the boat. I was out there just trolling around with my son having a great time and got a catch of a

lifetime." Vaughan had been on the hunt for a ShareLunker for four years and caught a 13.68-pound fish in October. He immediately got the process rolling to submit this Legacy Class fish.

"I had to call one of my friends to come tow me back to the boat ramp, but we made it up there and got the fish submitted," said Vaughan. "It was a cool experience and something Texas does that's different, so it's special to be able to get a ShareLunker."

O.H. Ivie claimed two of the three entries in January and now boasts nine so far in February. The fishery is only one entry away from matching its 2021 and 2022 collection season totals of 12 with roughly a month to go in the collection season. Since January 2021, O.H. Ivie has been on an unprecedented run thanks to a combined total of 35 Legacy fish. Only ShareLunker 644 is a recapture from previous seasons, but some genetics data are still pending.

During the first three months of the season (January through
