The following table sets forth the estimated principal amount of, and interest due to maturity on, the bonds to be issued if

Proposition A passes, and all outstanding obligations of the District secured by and payable from ad valorem taxes.

Principal Amount of Bonds to be authorized - \$2,000,000

Estimated interest for Bonds to be authorized - \$420,750

Estimated combined principal and interest required to pay on time and in full the Bonds to be authorized - \$2,420,750

Principal of District's Existing Outstanding Debt (as of 2/16/23) - \$9,325,000

Remaining interest on District's Existing Outstanding Debt (as of 2/16/23) - \$3,222,418.78

Combined Principal and Interest to timely pay District's Outstanding Debt (as of 2/16/23) - \$12,547,418.78

(1) The interest on the proposed bonds was estimated at a rate of 4.00% based on market conditions as of February 16, 2023, and therefore, the interest payable on the proposed bonds may be less than, or more than, the amounts set forth above based on market conditions at the time of sale of the proposed bonds.

Based on the information and assumptions provided in the table above, the estimated maximum annual increase in the amount of taxes that would be imposed on a residence homestead in the District with a taxable appraised value of \$100,000 to repay the proposed bonds, if approved, is \$0.00. This estimate assumes average annual growth of District's taxable assessed valuation of 0% per year for the years 2023 through 2035. The District assumes that the proposed bonds will be issued in an amortization that will produce relatively overall consistent levels of debt service in each year, while taking into account the District's existing debt amortization schedule.
